Each set of workings contains the following elements:

Day 1 - The Mass of Lucifer
Day 2 - Concentration on the sigil of the chosen Mask
Day 3 - Concentration on the sigil + meditation with mantra + dreamworking
Day 4 - Concentration on the sigil + meditation with mantra + Invocation
Day 5 - Concentration on the sigil + meditation with mantra + Invocation + dreamworking
Day 6 - Personal set of workings of practitioner's choice

The opening ritual of The Mass of Lucifer will open your mind and soul for the energies of the Lord of Ascending Flame. Successive workings, in which new elements are added each day, will take you further and deeper into communion with Lucifer and help you understand His chosen Masks and Manifestations, some of them well-known in the occult world, others forgotten, distorted, or misunderstood by the large part of occult literature. The purpose of this project is to explore and understand their role in the modern initiatory magic and on the Draconian Path of Flames.

Lord of Atlantean Magic

The Lord of Atlantean Magic reveals the secrets of forgotten knowledge that lies within the lost secrets of Ancient Gods. As He comes, the last moments of the Atlantean race can be glimpsed through the veil of time revealing the fall of the greatest race ever created. Lucifer releases the dark magical secrets of this race. The eyes of your soul, pecked out by the screeching Great Black Bird of Night that manifests to all who walk this ancient path, will fall away to reveal the eyes of the Lord of the realm of Thrones. The manifestations of the Great Black Hell Bird and others which may accompany it are the signs that your soul crosses the Gates of Time. They are the omen carriers which herald the opening of these ancient seals, both within the soul and in the darkness beyond. These powerful Godform assumptions which lead to the full possession of the many forms of Lucifer within body, mind and soul are the true doorways of transdimensional time travel through which the Great Lord of Flame is carrying your soul and through which, if successful in this work, you will return with the lost secrets of the Ancient Gods of the Dark Witchcraft, the Elder Gods of the true faith of man.

The Mask explored in the second working is the Lord of Atlantean Magic. Description provided above, as well as the invocation and formula of calling, are derived from The Red King by Mark Alan Smith. The sigil used in the working comes from old grimoires, such as Grimoirium Verum. The working is designed in the same pattern as the workings of the previous month.
Day 1 - The Mass of Lucifer

Perform The Mass of Lucifer provided in the Introduction to the project at any chosen hour. Follow the instructions given in description of the ritual.

Day 2 - Concentration on the sigil of the Lord of Atlantean Magic

Sit in a comfortable position and put the sigil in front of you. Anoint it with your blood and focus all your attention on it. See how the lines become charged and activated with your life substance, visualize the sigil glowing and pulsating with Lucifer's Flames which flash around and illuminate the room. Envision it as a gate to the Void, the primal essence of the Dragon, and feel the connection with other participants. Visualize them as standing/sitting in the circle around you, as black shadows with dark faces.

Feel Lucifer's Flames surrounding you and burning in your body and soul. Let it be personal and ecstatic. Feel your Third Eye open and pierce the illusory barriers between the worlds. Send the intent of the ritual through the sigil and feel the Draconian energies flowing through the gate, into the room and out, into the blackness of the Void. Whisper Lucifer's name and ask Him to come in His Lord of Atlantean Magic form. Do not force any visions, let them come spontaneously and in a natural way. Let the vision flow freely and when it's over, return to your mundane consciousness and close the working.

Day 3 - Concentration on the sigil + meditation with mantra + dreamworking

It is necessary to perform this working before going to sleep. Sit in a comfortable position and put the sigil in front of you. Follow the instructions of the previous day. This time, while gazing into the sigil, start chanting the words: "In the name of the Dragon, Lucifer come! I call you, Lord of Atlantean Magic!"
Let the rest of the working flow in a natural way, as it was on the day before. When the meditation is over, lie down on the bed and bring the image of the sigil and visions you've just experienced into your mind once again. Keep your attention focused on the wish to continue the vision in the dream. Write down your dreams when you wake up. If you wake up at night and if you can get back to sleep, focus again on the sigil and try to keep this vision while falling asleep. Don't worry if your dreams are not related to the working, dream work needs time and a lot of exercise to develop properly.

Day 4 - Concentration on the sigil + meditation with mantra + Invocation

Begin the ritual as you did the day before - focus on the sigil, chant the words of calling, and feel the energies around and Lucifer's Flames rising within your body and soul. When you feel that the atmosphere in the room is charged with energy and your mind is ready for the communion with the Lord of Atlantean Magic, begin the invocation.

Face West and with the ritual blade draw the symbol of the Trident in the air.

Focus for a while on the symbol and envision it burning with red and golden flames, then say:

**With the Flaming Trident I open the Gates to the Void and I invoke you, Lucifer, Lord of Atlantean Magic, to come to my temple and manifest!**

Raise your hand (or wand) and speak the Prayer For The Keys To Lucifer’s Power:

```
As I Stand Engulfed By The Horned God’s Flames;
My Soul Ablaze With Lucifer’s Power;
I Embrace The Unity Of Self With Thaumiel’s King;
Open For Me The Secrets Of The Keys To The Gateway Of Knowledge;
As One We Are Merged Within This Circle Of Night;
My Soul Now Prepared To Receive The Mark Of Thaumiel’s Seals;
Grant Me This Gift Of Transformation Great Horned God;
Open In Truth For He Who Has Come In Love And Devotion;
Questing The Full Power Of Lucifer;
The Path Of Flame Which Leads To The Realms Beyond;
Deliver To My Soul The Lightning Flash Of Your Gnosis;
Open The Way To The Ancient Secrets;
Of The Immeasurable And Hidden Power;
Of The Lord Of All Of Hell’s Thrones
```

Envision the sigil in the air, in front of you, shining and opening the gateway to the Current of Lucifer. At this moment you may also see huge reptilian eyes manifesting in the room, though the face will rather be hidden or dark. When you sense His presence in the room, continue the invocation:
From Your Flesh Came The Gods Of The First Race Of Man;
Fashioned By The Dark Queen Of The Void;
The First Watcher Of The Great Race Of Old;
You Are He Who Raised The Waters Of Atlantis In Her Name;
For An Age You Taught The Secrets Of The All;
In A Time Long Forgotten To A People Now Fallen;
Through The Gate Of Death Carry My Soul;
To The Depths Far Beyond
The Paths Of Thaumiel's Moon!
I Call You, Lucifer, Lord Of Atlantean Magic!

In the name of Queen of Hell, Hecate, and in the name of the Dragon!
So mote it be!
Ho Drakon Ho Megas!

Focus on your third eye. Feel how it opens and receives the vision of Lucifer in His Lord of Atlantean Magic form. Open your mind to whatever may come. Let the vision flow freely, do not force anything, and simply enjoy the experience. Write down the results.

**Day 5 - Concentration on the sigil + meditation with mantra + Invocation + dreamworking**

Repeat the workings from the previous day, in the same order and according to the same pattern. This time, however, make sure you are performing the ritual before going to sleep. When the Invocation is finished, focus for a while on visions and experiences which may come and let your soul merge in communion with the Lord of Atlantean Magic. Take as much time as you need and let the trance flow freely and end in a natural way.

When the meditation is over, lie down and envision the Lord of Atlantean Magic standing beside or floating above the bed. For this working it is recommended to sleep in the room which serves as your ritual temple. Remember that this is all a part of one greater ritual. Communicate with the Lord of Atlantean Magic and ask Him to guide you through dreams. Keep your attention focused on this vision and let yourself fall asleep. Write down your dreams when you wake up.

**Day 6 - Personal set of workings of practitioner's choice**

On the last day the manner of communion with the Lord of Atlantean Magic is left to your personal choice. Perform these workings which you've found the most useful, vivid or powerful - this can be meditation on the sigil only, or a combination of invocation and dreamwork, or you can simply repeat all of them as one ritual to make it coherent and powerful. You may also choose to work with the Mask of the Lord of Atlantean Magic in a completely different way, perhaps through a working designed by yourself - feel free to do it. Make this last day personal and meaningful to yourself. If you choose to design your own sigil, invocation or meditation and you'd like to share it, this will be greatly appreciated, but it's not necessary and you may only share the results from the previous five days in your report.

Thank you for participating and see you in the next part of the project!
